The history of Café Obelix

The building was built in 1867 and originally used as a butcher where Cafe Obelix are today. Then in 1947 the building was renovated and changed to Santos Coffeeshop, it was open from 6am-midnight, which attracted a lot of craftsmen.

In 1975 Tonni Overmans bought the place and expanded the variety of beer, coffee, wine and bread. The coffeeshop officially became a cafe in 1995 and got the name Café Obelix. The building was last renovated in 2000, and got their current owner Søren Nissen in 2009. Now a days Café Obelix offers a delicious brunch or a fresh cup of coffee with homemade bread and cheese from 8am. Nonetheless, a large variety of beer, wine and spirits, plus tasty hot dishes.

Enjoy your food and beverages in our outside area.
Everyday from 8am until midnight.
